

# CP-6 Employee Safety and Environmental Protection

**SCOPE:** Global

#### PURPOSE

General Mills values protecting employee safety and the environment. We are committed to promoting and maintaining safe and healthy workplaces for all employees and protecting the environment.

#### RESPONSIBILITIES AND REQUIREMENTS

At General Mills, all employees are accountable for maintaining a safe workplace, preventing safety and environmental incidents, and complying with regulatory and company standards. In the event of an incident or a safety or environmental concern, employees must notify management promptly so the issue can be addressed.

In support of our commitment to employee safety and protecting the environment, General Mills will:

- 1. Meet or exceed all environmental, health, and safety laws, regulations, and Company standards.
- 2. Encourage sustainability through pollution prevention, resource conservation, and waste minimization goals and initiatives.
- 3. Promote responsible environmental and safety practices through engaged leadership at all levels.
- 4. Continuously improve our environmental and safety management practices by fostering a global "Zero Loss Culture."
